Grades	:	General
Types	:	Standard, post forming, compact, cabinet liners, backer
Size	:	2440 mm x 1220 mm [8'x4']
Thicknesses	:	1. mm [other thickness available on request]
LEVIN Highlight	:	100% Quality design paper from world best decorative paper manufacturer, We are using best quality kraft paper, 100 % Melamine resin and 100 % phenolic resin. Use of best chemical raw materials for better flexibility & durability. PP warpping film for surface protection till completion of furnishing work for P.G.
Care & Maintenance	:	Cleaning should be carried out with a soft moist cloth and warm soap solution. Do not use detergents containing abrasive particle or excess soda.
Disclaimer	:	Customers are advised to reconfirm selected laminate when placing orders as our liability does not include claims arising from sample chip pasting error. Samples presented are indicative of colour, pattern and surface finish but not of actual thicknesses. All metallic patterns series recommended for vertical application only. Information and samples for special cabinet liners, phenolic boards, special purposes compact laminates and post forming laminates are available on request.
Limited Warranty	:	LEVIN warrants that its products are reasonably free from manufacturing defects. The products when properly used, will comply, with normal deviations, to related manufacturing specifications. This warranty shall be limited only to the original buyer for a period of care, improper use and/or any alteration. It is recommended that the products must be inspected prior to installation and our liability will be limited to the extent of the cost of the products only.

We take care of your laminates to enhancing!
Thank you for looking at the Levin Pro products...
We are proud to be chosen by you...

Please have a look at simple care and maintenance
procedures to keep laminates looking good
& to provide quality performance for years.

PRODUCT SAMPLE

58X58

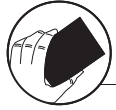

ACTUAL THICKNESS & SANDING

Protect the surface from heat generating appliances

Avoid using sharp objects directly on the surface

Use mild soap or detergent to clean the surface with the help of damp cloth or sponge.

Avoid acidic or abrasive liquid cleaners

Spilling of any type of dyes may cause permanent stains. Please wipe it immediately with dish washing detergent or an all-purpose cleaner

Do not use steel wool and abrasive pads for cleaning

Avoid toilet cleaners as it contains harsh chemicals as it may lead to permanent damage to surface. In case of spilling please immediately wipe the surface with soapy water and rinse several time.

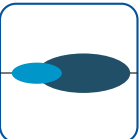

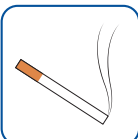

In case of persistent stains use paste of baking soda & water. Lightly scrub the area for 10-20 strokes with the use of soft bristled brush. Avoid excessive scrubbing as it may lead to the damage of decorative surface especially if it has gloss finish.

LIMITED WARRANTY

BE CAUTIOUS ON AIR BUBBLES
While pasting the laminate sheets vertically, little extra care is appreciated. If not pressed uniformly, air bubbles possibly can appear.

CUT ANGLE OF 90° ON LAMINATES CAN CAUSE CRACKS, NO CLAIMS WILL BE ENTERTAINED IF DONE SO
When cut with L shape and at 90° angle, one of the two edges might get an elongated cut. Such corners are prone to cracks. Avoid improper bonding and improper weather conditions to prevent cracking.

100% PHENOLIC | 99 | 100
